Dholka, Ahmedabad-382225

SUMMARY

Experienced with building and maintaining dynamic web applications. Utilizes JavaScript, HTML/CSS, and backend technologies to deliver robust and user-friendly solutions. Knowledge of agile methodologies and effective team collaboration ensures project success and continuous improvement.

EDUCATION

L.J. Institute of engineering and technology

Bachelor's Degree in Instrumentation and Control Engineering
2018 - 2022 | 8.56 CGPA

SKILLS

- Responsive web design
- CSS3
- HTML5
- TAILWIND3.0
- BOOSTRAP5
- JAVASCRIPT(ES 6+)
- React.js
- Node.js
- Express.js
- MongoDB
- MySQL
- API Integration

CERTIFICATIONS

- Industrial Automation Certification
- Responsive web design
- Full stack web development
- Fundamental of JavaScript

LANGUAGES

Hindi, Gujarati, English

PROFESSIONAL EXPERIENCE

Sofcon Private Ltd.

Industrial Automation trainee | Jul-2022- Feb-2023

- Gained hands-on experience in PLC programming, SCADA systems, HMI design, and DCS for industrial automation.
- Developed skills in troubleshooting, system integration, and optimizing control systems for efficient industrial operations.
- Prepare and distribute meeting agendas, minutes, and other relevant materials
- Applied knowledge of automation tools and protocols to simulate and implement real-world industrial control solutions.

Orange Enterprise

PLC programmer | May-2023- Dec-2023

- Designed, programmed, and debugged Programmable Logic Controllers (PLCs) using software such as Siemens TIA Portal, Allen-Bradley RSLogix, or Ladder Logic to automate industrial processes.
- Collaborated with senior engineers to develop and implement control systems for machinery and production lines.

StackCode Training Institute

Full Stack Web Developer | Aug 2024 - Present

- Designed and maintained responsive web applications using cutting-edge technologies, including HTML, CSS, JavaScript, React.js, Node.js, and Express.js.
- Collaborated with cross-functional teams to create, implement, and launch user-friendly features and functionalities.
- Developed and integrated RESTful APIs to facilitate smooth communication between front-end and back-end systems.
- Employed databases like MySQL and MongoDB to efficiently manage and store application data.
- Performed testing, debugging, and optimization to ensure web applications operate at high performance and scalability.
- Acquired hands-on experience with version control systems such as Git and agile development practices.
- Assisted in troubleshooting and resolving technical issues to improve overall user experience.
